# feed- back

**Deepak Chopra**

It was an amazing event, extremely well organized and very well promoted. It was a wonderful experience for everyone. I strongly recommend, that if you want to do an event in Basel, get in touch with PsiOnline. It's an extraordinary group of people doing an amazing job.

**Neale Donald Walsch**

I have been doing presentations all over the world, but nowhere in this world have I had an event, that was created and presented with such excellence as I have had I had here in Switzerland – in Zurich and in Basel – with younity. They paid attention to every detail, getting everything right, making everything so perfect and making me and this message feel so welcome.

What an incredible organization, what a wonderful team. A team of great excellence in everything. I am so grateful to have had the opportunity to come here and work with this marvelous group of people. It has been the event of a lifetime. There is nothing more that I can say, except that it doesn't get any better.
